Message from MD

Dear customer,

Cooper Elevators India Pvt Ltd was founded on the bedrock of Kannan Joseph's thirty years work experience and exposure in the global elevator industry.

Since its founding in 2005, the company has standardized its product with a strong in-house design element to carve a niche for itself in a multinational monopoly.

Kannan Joseph's is dedicated to changing the long-rooted scenario in the industry, and shifting the spotlight to indigenous Indian brand like his.

Strength Of Cooper Elevators

We have a dedicated design and flexible manufacturing system to deliver customized lifts. We have a qualified supply-chain management team to procure the components and accessories from various parts of the world at competitive rates.

Our manpower resource is trained using QC tools, and is available for delivering the product to our customers at the agreed standard. We have a 24X7 after-sales service support for our customers.

Our R&D team is working continuously on new products like full glass lifts and high-speed special lifts for the demanding customers.

Commitment to Quality

The quality of Cooper products originates from all staff's love of the work, the scientific management of the process flow and the principle of "customer foremost" which we always follow. Meanwhile, we shall further consider "honesty" to be the footstone for enterprise's future development.

The development of quality promotes the development of the brand, and the good credit standing formed over years leads to Cooper's increased popularity with the customer.

We look forward an opportunity to associate with you.

Warm regards,

J. Kannan
